DIAGRAMS

Draw diagrams to scale or as close to scale as possible. Allow a person to locate where the raft is placed or will be placed. Show important distances on the diagram. All distances must be in feet. Identify the exact location of the raft by indicating the distance from one or more fixed objects that have a known location, or provide the GPS coordinates of the raft's placement. Show the relationship of the raft to other riparian owners, significant objects and water areas.

1. Location Diagram

Show the location of the raft in relation to the lake, fixed points on the shore, and any piers, rafts, rafts, moorings, or indentifying markings.

2. Cross Section Diagram
